In the future timeline, everyone's favorite purpled haired time traveling half-saiyan is watching the news. "And in other news today, countless murders have been occurring in the past few days, Officials have no lead on who the murderer is, only that the victims heads are sliced off their body and missing. But people have claimed that similar murders have been occurring in the small town of Sleepy Hollow. Witnesses claimed they saw a headless man on a black horse sliced the victims heads off, and took it away. " Said the reporter. Bulma came by and saw Trunks watching the news and what was going on. "Hmm, you don't really believe, do you?" Bulma asked son. "Huh, believe what?" Trunks asked back. "That old legend. The one about the Headless Horseman." Replied Bulma. " Actually I never heard of it." Said Trunks. "It's a long story, I'll tell you later." Said Bulma.

Later that nightâ€¦|

Trunks lays in his bed, unable to sleep. "I can't stop thinking about these murders. Well, I guess I better check it out." Said Trunks as he got up, grab his sword and jacket, and quietly left the house. Trunks began to fly to the dead woods, because this is where the murders have been taking place. Trunks lands in an open field, then he hears a scream in the distance. Then sees a man running for his dear life towards Trunks. "Please help me, he's come for me." Pleaded the man. "Who?" asked Trunks. "Oh no, he's here." Said the man as he began running again. Trunks then hear something that sounded like, a horse. Then a man riding a horse came into focus. As the man on the horse came closer, Trunks could make out what the figure looks like, black suit, with a black cape, and a sword. Then Trunks found the most dreadful characteristic of himâ€¦ he had no head. Then Trunks realized who he was, it was the headless horseman. Trunks was surprised when the Headless Horseman past him. Then Trunks realized why, he was after the other man! Trunks turned to see the Headless Horseman decapitating the poor unfortunate man. Then the man's head rolled down next to Trunks. Trunks looked up to see the Headless Horseman charging at him. Trunks drew his sword, and took stance. Trunks then knocked the Horseman off of his horse with a small ki blast.

The Horseman lied there, motionless. Trunks thought he won, but to his surprise, he got back up. "No way" Trunks thought. The Horseman sliced Trunks across the chest. Trunks fell in pain that not only he had a big cut across his chest, but also it burned like hell. Trunks fell down and saw the Horseman putting the head into a small bag. Then all went blank.

To be continuedâ€¦

A/N: Was it any good, huh, huh, huh, huh? Errâ€¦ sorry, I sometimes act childish, so tell me, was it good, and if it's not good, no harsh phrases likeâ€¦ IT SUCKS, or THIS IS A PIECE OF GARBAGE (or shit), just please, don't put it like that, put it something likeâ€¦ It's not that good, or, need to be ect, that's all. Well anyway, Trunks isn't dead, don't forget, this is Round 1.
